

Allergy and Health Care Acknowledgement Form- Parent/Guardian Allergy Posting and Deletion

Allergy and Health Care Posting

I understand that Bright Horizons requires the most up to date information regarding my child's allergy and/or health care. I also understand that for the safety of my child, my child's photograph and allergy/health care information will be posted in the classrooms and kitchen.

Allergy Deletion

I understand that to ensure the safety of my child Bright Horizons cannot delete an allergy which has previously been documented unless a signed note from the child's physician is received stating that the child is no longer allergic to that item(s) and may now have that specific food(s); or be exposed to the item(s); nor can Bright Horizons add an item(s) or change a medication without a signed note from the child's physician.
