THE WHOLE DAY IN YOUR HANDS

Your child's day is filled with big moments – and we don't want you to miss even one. At **Bright Horizons®**, you'll have access to the My Bright Day® mobile app, where teachers will post personalized, regular updates on your child's activity, care information, and learning and development milestones. You'll also have convenient access to everything you need to manage your Bright Horizons experience.

Look to My Bright Day to:

- Access and submit drop-off/pick-up information from a mobile device
- Receive real-time updates on your child throughout the day
- Save and collect your child's memories (pictures, videos, notes, and reports) all in one place

“I absolutely love this app and the ability to see what my little one is doing throughout the day. It really helps me to feel connected and to help plan our evening based on how the day went”
